THE wide range of styles and decorations illustrated in this catalog represents the latest accomplishments in porcelain lighting fixtures. The colored illustrations will give you a vivid idea of how the fixtures really appear when finished.

The quality of the products shown are of the highest type. The finishes are practically everlasting and they remain in their original color and finish during the life of the fixture. No change in color, peeling, chipping or crazing is possible.

The colors will readily blend with modern home color schemes. The artistic decorations applied on the brilliant glazed surface of the fixtures create a most striking and rich effect. All colors are specially fired, which makes for permanence.
